

## PAM

# Paper Management

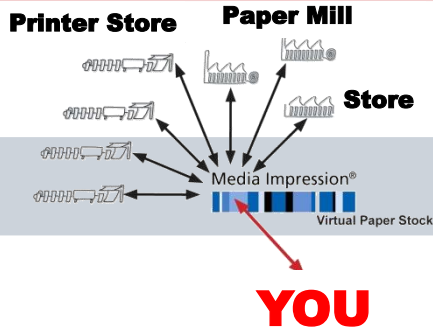

How to improve Selecting and Ordering paper to reduce waste, lower cost and achieve production objectives

## What is PAM – Paper Management

- **PAM** is a solution to make sure you always use the most suitable paper
- **PAM** is an independent supplier with no requirement to control paper price and print output
- **Pam** gives the ability to meet changes to your print requirements quickly and with low cost
- **PAM** Troubleshoot everything about paper
- **PAM** Controls the budget, find the best papers at the right price

## Multiple sources for purchasing

- Paper comes from different sources
- PAM is supplier independent
- We search the entire market for you, saving you time and resources
- The costs are charged to the printer as a purchaser improving cash flow and reducing risk
- Media Impression is on the side of the customer not the printer.
- We represent the best interests of the client
- Whether offset, gravure or sheet-fed printing

## Benefits of PAM

- **Independent**
- **Flexible – every volume could be handled**
- **Creativity for new products**
- **Price Control**
- **Volume Control**
- **Quality Control**
  
- **Advice from your point of view and not a printer or paper manufacturer**

Benefiting you!

## PAM

Makes sure that paper for your print production is always supplied quickly and cost-effectively

Production orientated purchase, control and storage
